# Glass Works of Art as Unique as a Snowflake

**O**riginal, one-of-a-kind colorful art on a blown glass sphere.

*Snowflake Ornament Company* introduces you to custom designed ornaments.

Pigmented glass art of enduring beauty that is guaranteed to give your clients visual pleasure during the holidays and throughout the years.

Inspired by elements found in nature and all forms of interior design, *every ornament is original and one of a kind* — like a snowflake. **Each ornament is hand painted using a two-week progressive layering process.** When you choose *Snowflake Ornament*, you are offering your clients colorful art created with a technique that has been refined over the past decade.

**Art with many decorative uses.** Hang ornaments on a Christmas tree and ornament stands, arrange in crystal bowls, place atop candlesticks and glassware, display in windows, and use as small decorative vases with botanicals and greenery - **add color and style to everyday home décor.**

Available in the popular 4" diameter size.

**Select from our designed collection or we we'll design to your specifications.** You choose the quantity and the color scheme - we do the rest. Provide us your special message, if you like, and we'll hand apply it to the ornament for that personalized touch. Ornaments include a beautiful, high-quality ribbon and are individually packaged in our special transparent gift box with iridescent shred and a product story card.

Personalize your ornament with a name or message in metallic ink.

Customize your gifts - the optional Box Card Insert with your own holiday message and company logo ensures you are remembered every holiday season.

*Snowflake Ornament Company* first began as a home based business in 1993, and is the result of designer Beth Machall-Dwyer's "long-standing love of color and interest in filling her Christmas tree with unique ornaments."

**Present your clients with gracious, meaningful unique gifts that create last memories.**

**We guarantee a truly original gift!**

## Step-by-Step Custom Design

**Determine your quantity.** Contact us to discuss deadline requirements and pricing.

**Select your color scheme** from our collection. Custom designs, such as company colors, available at no additional charge. Provide color samples with your order form for a precise color match.

**If desired, determine personalized script to be applied.** A personal or company name, a location, a time period or year, a holiday message. The sky is the limit, but keep your script brief for space and aesthetic purposes.

**Choose metallic gold or silver ink** for the personalized script option. The ornament toppers are gold or silver and will match the script ink.

**Provide a message and/or graphic logo for the Box Card Insert.** Make sure you are remembered with your own message on the transparent gift box. Business professionals give ornaments as gifts. We'll create a message card (Box Card Insert) with or without a company logo and scanned signature. We can import most graphic file formats.

**Complete the order form and mail or fax.** Download order forms online.
